D) Transparency aspects

Do you or your supplier hold any verifying documents about your sustainability engagement and for how % of your collection does it apply?

	your company	supplier	applies to % of collection
Life Cycle Analysis	☐	☐	%
Product Carbon Footprint	☐	☐	%
Product Water Footprint	☐	☐	%
Other	☐	☐	%

Can you name all companies in your supply chain from raw materials to manufacturing and transport?

☐ Yes ☐ No

If yes, we use the following track and trace system:

What means of transport and what kind of packaging do you use along your supply chain?

Anything else you would like to let us know about your sustainability engagement?

E.g. engagement in sustainability working groups, regularly published sustainability reports, your engagement for a more sustainable corporate culture, charity projects, etc.
